

Burch Creek Animal Hospital is open and here to help you!

In an ongoing effort to keep our community safe and offer a healthy environment for our clients, your pets, and our hospital staff, we are following the CDC, AVMA and our local government guidelines.

If you are ill, have recently attended a gathering over 50, or travelled by plane, please call us for advice with your pet care needs. We have plans in place to help ensure your pet receives the care it needs.

Visits are limited to one person per family in the building during a doctor visit or surgical check-in (curbside is available if you prefer).

Tech visits and grooming check-in's will be curbside.

Upon arrival, call from your car to be check-in and we will give you further instructions.

We are currently providing curb side delivery for medication or food in our parking lot.

Please call us from your car when you arrive, we will take payment over the phone and bring your items out to you.

Please respect the 'social distancing' recommendations and maintain a distance of 6 feet from others and refrain from shaking hands or exchanging hugs at our clinic.

Facial coverings worn over nose and mouth are required while in our building.

Above all, we thank you for your understanding and kindness. Please do not hesitate to call us with any questions. We care about you, your pets, and our community. We will keep you posted as information and news is available from the AVMA, CDC, or the government.
